

4th WPSC IS CANCELLED.

Dear paramotor competition pilots,

as some of you may have expected, the organiser of the 4th WPSC, planned for September, see no chance to have a good and safe competition open for all participants due to the actual COVID-19-restriction. The organiser asked the CIMA bureau to postpone the event to next year as approximately the same dates in September.

As many other sports commissions in FAI we accept this wish. The decision about next years event is - as for the WMC planned in Brazil, up to the delegates and will be part of the agenda of our plenary in November.

I hope, you all are well and not to much affected by this world wide virus Pandemic.

All the best

Wolfgang Lintl
President
FAI CIMA (Microlight and Paramotor Commission)
